

The Interconnected Kidmin

Bus Ministry:

- To consistently create a fun and nurturing experience where even if Sunday School was a snoozefest, kids would come just to be there for gym time, bus stop time and ride time.

Sunday School:

- To equip kids in a way that is so fun and engaging that they not only show up every week, but are so excited that they invite their family and friends.

Kids Services:

- To create a fun and engaging atmosphere where kids naturally look forward to and ask when the next kids service will be. It is here that they know they can always take action on what they've been equipped with in class with engaging in praying through or staying through. The goal is life change.

Kids Discipleship:

- To equip and instill clear core doctrinal foundation as saints in preparation for ministry opportunities, in an engaging and interactive format. We are building saints.

Thoughts? Questions? Ideas? Keep the conversation going.
